

Durable Quality with Lifetime Beauty

What is Poly Furniture?

- Made from recycled polyethylene (like milk jugs)
- Poly lumber will not crack, rot or splinter
- Never needs painting or refinishing
- Is UV stabilized to resist fading
- Can be left outside year round without harming it
- Should last a lifetime

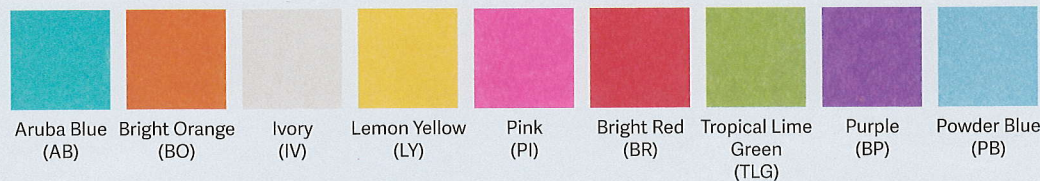

Our Features:

- Our furniture is assembled using stainless steel bolts and screws
- All furniture comes standard with cup holders in both arms
- Swing chains have an 800 lb. rating in either zinc plated or stainless
- All 4' and 5' swings, gliders and benches have heavy duty aluminum angles for stiffener supports
- Back angles are powder coated for added longevity and beauty
- We use poly glider hanging arms assembled using double stainless bearings at hinge points. This provides a more heavy duty and smoother glide.

OPTIONS

Design Your Furniture Your Way!

At LawnCraft we strive to make your furniture the way you want it. We can mix and match any color combination you wish. Those may include the colors of your favorite team or school. Colors shown may vary some. Ask to see actual sample blocks of colors available. Do you wish to have yours without cup holders or maybe just on one side LH or RH? No Problem! Order yours as you want it. You can also option between stainless steel verses zinc chains, but zinc will eventually lose its shine and become discolored or rust.

CARE & MAINTENANCE

To maintain the beauty of your furniture:

- Clean it regularly with water and non-abrasive soap.
- Use only cloth or a soft bristle brush and warm water to clean.
- Do not place hot items directly onto furniture to avoid melting.
- Do not place flower pots or any item on furniture that will leave stains.

If properly cared for, you will be able to relax in your fine piece of poly furniture for many years!
